EXPERIENCE

JUNE 2024 – CURRENT
OWNER / LEAD DEVELOPER, LIONHART WEB SERVICES™ (HELENA, MT)

- Provide professional quality websites and landing pages for individuals and businesses, offering SEO optimization, page optimization, image compression, accessibility testing, payment processing, database handling, encryption, and API integration.

APRIL 2022 – JUNE 2024
SENIOR REACT DEVELOPER, SDS, LLC (REMOTE)

- Develop and maintain responsive web applications using React, NextJS, Node.js, Express, Paypal/Stripe integration, developing server-side logic, SQL + NoSQL Databases, or using CMS's, depending on the project (sometimes using other langs and frameworks such as PHP + Laravel).

NOVEMBER 2020 – AUGUST 2023
FRONT-END SUPERVISOR, COSTCO (HELENA, MT)

- Supervised entire front end of store, running breaks, conducting training, coordinating with management to establish order in all logistical processes in the store related to frontend and merchandising. (Developer jobs were not available when I first moved out here)

SEPTEMBER 2019 – APRIL 2022
WEB DEVELOPMENT INSTRUCTOR, WYZANT (REMOTE)

- Educate students in web development, focusing on best practices and modern technologies, significantly improving their coding proficiency and job readiness. Curate comprehensive learning materials that enhance students' understanding of complex programming and web development concepts.

JANUARY 2017 – AUGUST 2019
PHP DEVELOPER / SEO SPECIALIST, LH ENTERPRISES (VANCOUVER, WA)

- Develop and maintain responsive website functionality for the company using mostly PHP and SQL. Utilizing Figma, Adobe Illustrator, and Photoshop to create mockups. Managed and implemented SEO, page optimization, image optimization, etc.

OCTOBER 2013 – JANUARY 2017

WEB DESIGNER, DESIGNLOFT, LLC (VANCOUVER, WA)

- Created website mockups using Adobe Illustrator, and utilized basic HTML, CSS, and Javascript and WordPress to build fully functional websites for clients.

DECEMBER 2010 – OCTOBER 2013

IT HARDWARE CONSULTANT, CGET SERVICES, INC (VANCOUVER, WA)

- Repair, build, and upgrade PCs, Laptops, mobile phones.
